

SECRET

MEMORANDUM FOR: Chairman, SECOM

FROM:

25X1

SECOM Member

SUBJECT: Information Security R&D

25X1

REFERENCE: SECOM-D-055, dated 26 Feb 85, Same Subject

1. This memorandum is in response to SECOM tasking regarding subject. The appropriate Central Intelligence Agency (CIA) offices, which have principal responsibility for research and development in information security, have reviewed this memorandum. This report includes input from the CIA's Office of Security, Technical Security Division and the Information Systems Security Group. The Chairman, Research and Development Subcommittee will submit his report directly to Chairman, SECOM. Together, these inputs represent a comprehensive listing of Information Security R&D efforts in the CIA.

25X1

2. Attached as Tab A is a listing of the specific R&D efforts which are being pursued in 1985. Attached as Tab B is a listing of the specific efforts which are planned for 1986 and 1987. Attached as Tab C is a priority listing of projects recommended for research and development which were not funded for 1985 and lack confirmed funding for 1986 and the following years.

25X1

3. It would seem advisable that SECOM participants review appropriate sections of the Intelligence Research and Development Council Study, "Research and Development to Counter
